Revenue guidance

License, subscription

- ✓ CRM system mainly as subscription
- ✓ Increased sales team to drive further ARR for subscriptions

Support contract

- ✓ Support contract sold together with up-front licenses
- ✓ No addition to support contracts as a result of nearly no up-front sales, Support contracts for existing up-front clients still generate revenue

License, up-front

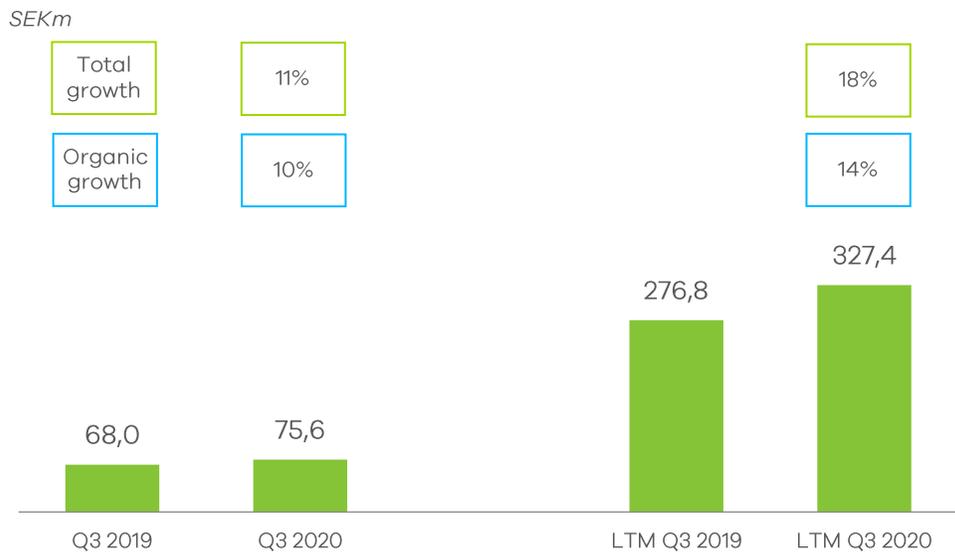

- ✓ Revenue stream in decline as the products are sold as SaaS
- ✓ Some existing clients still buy more licenses up-front

Expert services

- ✓ Large part of sales derives from existing customers
- ✓ Customer base is growing, expected to drive expert services growth but decreases as part of total net sales
